BabMed Workshop

Medical Commentaries and Comment(aries) on Medicine

convened by Markham J. Geller, Glenn W. Most, Karine Chemla and Lorraine Daston

BabMed’s 2017 workshop is on the subject of medical commentaries, hosted at the Max Planck Institute for the History of Science (MPIWG) Berlin. The BabMed workshop is a follow-up of an event held in August 2016 at the MPIWG Berlin on the subject of mathematical and medical commentaries.

MedComm 2017 concentrates on medical commentaries and more general observations on ancient medicine in the Ancient Near East, as well as Greece and China, from perspectives of history of science.

Speakers include: Heinrich v. Staden (Princeton), Paul U. Unschuld (Charité Berlin), Nils P. Heeßel (Marburg), Glenn W. Most (Pisa), Vivian Nutton (UCL London), Enrique Jiménez Sánchez (Madrid), Klaus Wagensonner (Yale), Henry Stadhouders (Utrecht) and Giulia Ecca (BBAW Berlin).
